GNS 8400 – GNS 8350 – GPS 501

Uniden Car Navigation Systems combine the latest in GPS technology with sophisticated Intuitive Technology. Whether you require a 3 in 1 Car Navigation System or a Road Safety Warning System with Voice Assistance, Uniden has the solution for you. With Built-In Early Warning Safety Systems in all the Uniden products these Car Navigation Systems can alert you of Fixed Speed Cameras, Red Light Cameras and Black Spots providing a high level of nationwide protection for your loved ones and your license.
The Uniden Car Navigation Systems are so powerful yet so simple to use.

Whether you are travelling for work or enjoying a short or long drive to a new destination, the GNS 8400 will guide you there using the easiest route available with its Dynamic Voice and Visual Guidance System. The GNS 8400 is a three in one Car Navigation System giving you Navigation, Early Warning Safety System and a Multi Media Player.

With superior Mapping Data it provides nationwide coverage using Sensis Map Data. When it comes to portable GPS Car Navigation Systems the Uniden GNS 8400 is in a class of its own. It makes your trips safer and faster while giving you peace of mind that you will reach your destination on time, every time.
